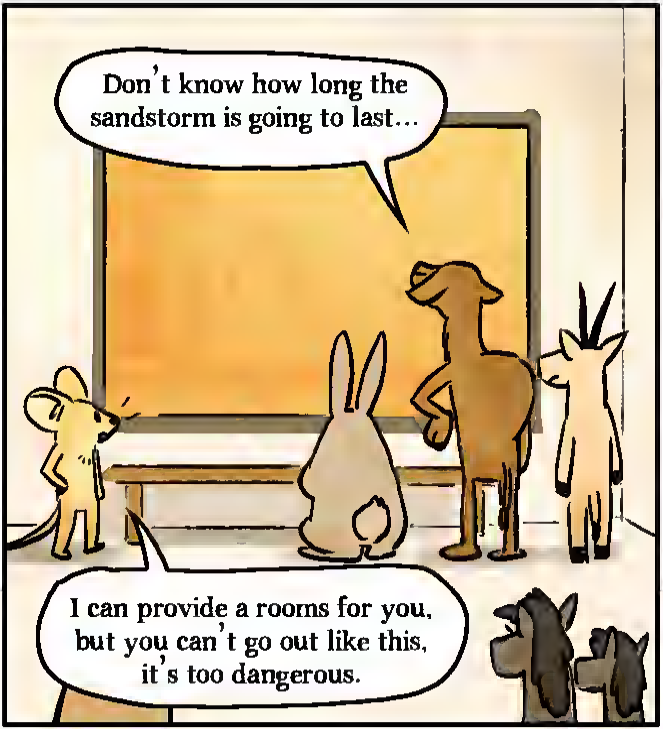
Dreams and Reality

They managed to get into the city

right before the sandstorm hits.

Give way, give way!
SWOOSH
Hurry!

This fox got a high fever, any doctors nearby?
This inn is at the outskirts of the city, the nearest clinic is at least a mile away.



Don't know how long the sandstorm is going to last...
I can provide a rooms for you, but you can't go out like this, it's too dangerous.

What to do now?
I'm so sorry Foxy...
I should have let you rest in the hostel instead of pushing us to continue the journey...
It's all my fault!

We still need... to find...brother...

You need to recover first, we will get you help soon...
Hold on to this for now.

He's not going to make it tonight if his fever doesn't come down.
How about the guests? Any guests here are doctors?

I don't know, occupation is not required for booking...
Oh, there's a group under the name "Medicine sans Frontiers".
Maybe they are doctors?

...They went out.
No one answer in the rooms

Close the door quickly!
The sand is going to come in.
BANG!

What's happening here?
That fox needs a doctor!

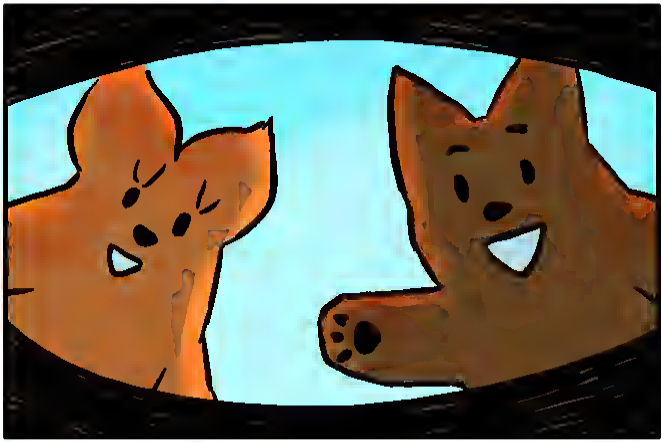
We have doctors, we can help.
Please save my little brother!
Xavier, get your tool kit ready!

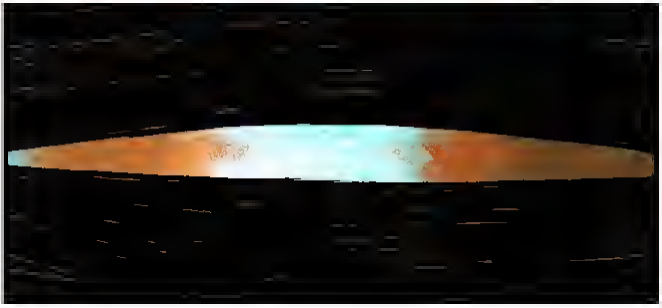
Brother...

Please excuse me, I'll check up on him...

Barely conscious, Foxy saw

his brother and sister in childhood times.





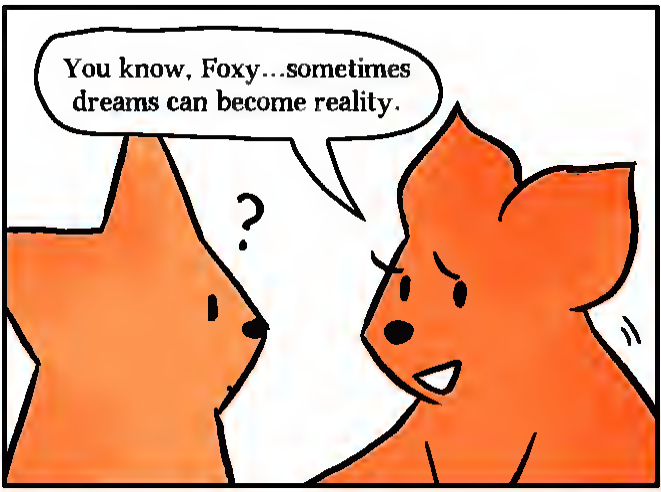
Then his vision went black.

If only I could see my brother again...

When Foxy finally woke up, it is the next morning.

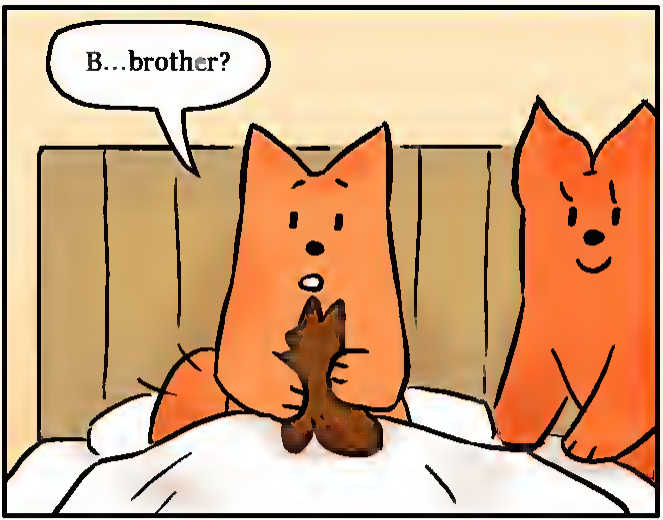
...Where am I? Did I pass out?
Foxy, you're awake! I was so worried!

Your fever has gone down now, we are so lucky to meet a medical team in the inn.
Sister, I dreamed about us reuniting with our brother.
I wish it's real.

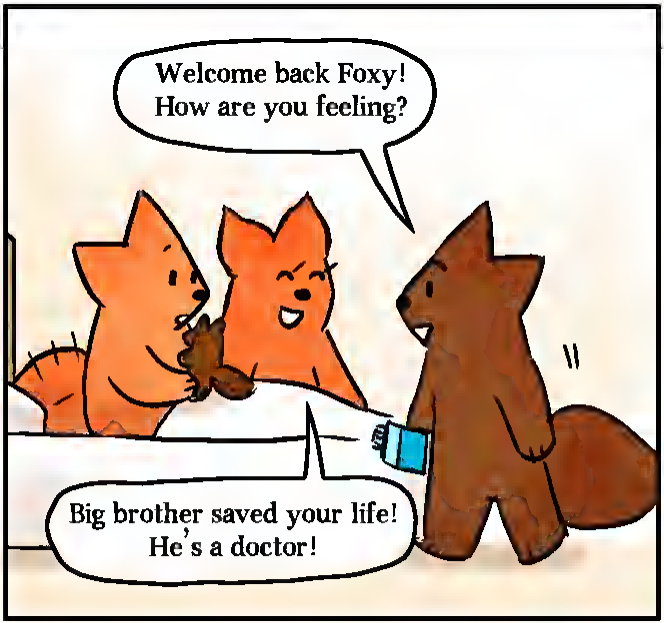


You know, Foxy...sometimes dreams can become reality.
?

Oh, he's awake.



B...brother?



Welcome back Foxy!
How are you feeling?
Big brother saved your life!
He's a doctor!

Come on now, we've been waiting for you to have our big reunion hug.

Foxy, Foxiara, Foxavier...

...are finally back together!
